### EULA - RIGHTS TO USE

All rights reserved. Protected by copyright laws of the United States and international treaties.

Any idea, written post shared, or digital content including images, and documents in this discord server may not be reproduced, duplicated, distributed, or retransmitted in any form by any means.

This includes screenshots, photocopying, recording, or by any information storage and retrieval systems without the express written consent of HoneyComb Options.

HoneyComb reserves the right to modify or discontinue, temporarily or permanently, the membership services (or any part thereof) with or without notice.

This includes and is not limited to channel access, access to shared documents, and subscription pricing both existing and “grandfathered” terms.

HoneyComb reserves the right to refuse any user access to our Discord and services without notice for any reason, including but not limited to a violation of the terms of our Server Rules and Rights to Use.

Copyright laws protect creative and intellectual property from those who would steal it. The right to a creative work exists automatically from the moment of creation.

Copyright gives the holder the exclusive rights to use, copy, transmit or modify their original content. There is no need for the author, artist, or developer to publish or register their work. Digital or electronic content, such as e-books, photographs on Web sites, and electronic databases are subject to the same protections under the Copyright Act as non-digital, traditional, or analog works.

Copyright law protects almost all Web content or any other digital or electronic form.
