Member agreement

The nature of investment in Cryptocurrencies is such that not all investments are suitable for everyone unless they:

Are knowledgeable in investment matters,

Are able to bear the economic risk of the investment,

Understand the risk involved; and

Believe that the investment is suitable for their investment objectives and financial needs.

Should any non-professional investor invest in Cryptocurrencies, it is advisable that only a part of the sums that the investor intends to invest, should be so invested (only invest what you are willing to lose).

It is also advisable that all investors should seek advice from a professional investment advisor before making any investment in Cryptocurrencies.
