

Refund Policy for Tradable Thesis

No Refunds

1. Refund Policy

Refunds are not available for any subscription plans, including monthly, quarterly, bi-yearly, yearly, or lifetime subscriptions. This no-refund policy is in place because the nature of our services provides immediate benefits upon subscription.

2. Lifetime Subscription

The lifetime subscription is offered at a discounted rate for a one-time payment. No refunds will be issued under any circumstances for this subscription. This policy remains in effect even if Tradable Thesis ceases operations.

3. Changes to Subscription Plans

We reserve the right to modify, update, or discontinue any aspect of our subscription plans, including features and pricing, without prior notice. Subscribers will be notified of significant changes when feasible.

4. Transferability

Subscriptions are non-transferable and can only be used by the individual who subscribed. Attempting to transfer or share access may result in termination of the subscription without a refund.

5. Prohibition on Sharing Content

Disseminating trades, charts, or insights from Tradable Thesis to non-members or on other platforms is strictly prohibited. Violating this rule undermines the educational purpose of our platform and may lead to an immediate ban without refund.

Acceptance of Policy

By subscribing to our service, you acknowledge that you have read, understood, and agree to this Refund Policy.

Thank you for being a part of Tradable Thesis. We appreciate your understanding and support!
