This End-User License Agreement (“Agreement”) sets forth the terms under which users (“you” or “the user”) may access and use Synthesise AI and Ghostwriter AI—two digital tools provided by Educate.io as part of the Monetise or Monetise Pro programs.

By accessing or using either tool, you agree to be bound by the terms of this EULA in addition to Educate.io's [Terms of Service](#) and any applicable third-party terms noted herein.

License Grant

Educate.io grants users a non-exclusive, non-transferable, revocable license to use:

- Synthesise AI: A digital product generation and strategy tool.
- Ghostwriter AI: A copywriting and content-generation tool for marketing, branding, and product creation.

Access is granted solely for personal, non-commercial use related to digital product development and monetisation within the scope of Educate.io’s programs.

This license is valid for the duration of the user's active subscription (typically 12 months) to the Monetise or Monetise Pro program, unless explicitly extended by Educate.io.
