

# **SPORTPICKS - Terms & Conditions**

Last Updated: 12/04/25

## **1. Eligibility**

- You must be 18 years or older to use SPORTPICKS.
- You are solely responsible for complying with the laws of your jurisdiction regarding sports betting.

## **2. Service Overview**

- SPORTPICKS provides sports betting tips, strategies, and risk-managed advice through Discord and other digital platforms.
- We do not place bets for you and are not a licensed bookmaker.

## **3. Performance Guarantee**

- We stand by our system and provide a performance guarantee.
- If we don't produce a profitable month (based on tracked, posted unit results), you'll receive your next month free.
- This only applies to active paid subscribers and cannot be combined with any refund or chargeback.
- Profit is calculated using a standard 1-unit flat stake system, and results must be verified via our public tracking.

## **4. Market Awareness & Risk**

- Betting involves risk. Markets shift, and odds can change after picks are posted.
- While we provide high-probability tips, there is no such thing as a guaranteed win on any single bet.
- You are fully responsible for your betting activity and bankroll management.

## **5. No Refund Policy**

- Due to the nature of our digital product and access to premium content, no refunds are offered after purchase.

- Please review the service details and ask questions before subscribing.

## **6. Billing & Subscriptions**

- All subscriptions are recurring through Whop unless cancelled.
- You can cancel at any time, but you will retain access for the remainder of your billing cycle.
- If you cancel, you will not be charged again, but no partial refunds will be issued for unused time.

## **7. Fair Use & Conduct**

- Sharing content, leaking tips, or distributing picks outside the group is strictly forbidden.
- Violators will be banned immediately without refund and may be permanently blacklisted.

## **8. Changes to Terms**

- We may update these terms at any time. Continued use of SPORTPICKS implies acceptance of any new terms.

## **9. Support**
