Digital Asset Accelerator Terms of Service:

The sales figures stated on the landing page and discussed in this training are our personal sales figures and in some cases the sales figures of previous or existing clients. Please understand these results are not typical. We're not implying you'll duplicate them (or do anything for that matter as it will all depend on you). The average person who buys "how to" information gets little to no results due to lack of work ethic. We're using these references for example purposes only. Your results will vary and depend on many factors including but not limited to your background, experience, and work ethic. All business entails risk as well as massive and consistent effort and action. If you're not willing to accept that, please LEAVE THIS PAGE NOW. These terms and conditions outline the rules and regulations for the use of digitalassetaccelerator.com's Website, located at digitalassetaccelerator.com.

By accessing this website we assume you accept these terms and conditions. Do not continue to use digitalassetaccelerator.com if you do not agree to take all of the terms and conditions stated on this page.
