

Ivolution Systems LLC - Return Policy

Policy Overview

Thank you for subscribing to the Services offered by Ivolution Systems LLC ("Company," "we," "us," or "our"). This Return Policy outlines our policy regarding refunds for our Services, including access to the Ivolution Pulse Indicator, Ivolution Dash MTF Indicator, Discord community, educational materials, and any related services offered through platforms like Whop.com ("Whop").

No Refunds

ALL SALES ARE FINAL. IVOLUTION SYSTEMS LLC DOES NOT OFFER REFUNDS OR CREDITS FOR ANY SUBSCRIPTION FEES OR OTHER CHARGES ASSOCIATED WITH THE SERVICES.

Reasoning:

This policy is in place due to the nature of our Services, which involve providing immediate access to:

- Proprietary digital content and software (the Indicators).
- Valuable intellectual property.
- Community access (e.g., Discord).
- Educational resources.

Once access is granted upon purchase or the start of a paid subscription period (following any free trial), the value is considered delivered.

Confirmation of Understanding:

By completing your purchase, initiating a subscription, or converting from a free trial to a paid subscription, you acknowledge that you have read, understood, and agree to this No Refunds Policy. We encourage users to utilize any available free trial period to evaluate the Services thoroughly before committing to a paid subscription.

Exceptions:

No exceptions will be made to this policy except where explicitly required by applicable law.
