

## **Rage Pro Terms of Service**

**Last Updated: May 2, 2025**

Welcome to *Rage Pro*! By joining, you agree to these Terms of Service. Read them carefully.

### **1. What We Offer**

*Rage Pro* is a paid membership for memecoin traders. You get access to tools (wallet trackers, Twitter monitors, Magitsu), live scanning sessions, Q&As, learning content (*Memecoin University: Pro Campus*), and a community of traders. We aim to help you trade smarter, but we don't guarantee profits—crypto's risky, and you're responsible for your trades.

### **2. Membership and Payment**

- Payments are processed through Whop. You're charged monthly until you cancel.
- You must be 18+ to join.

### **3. No-Refund Policy**

We do not offer refunds, period. Once you purchase *Rage Pro*, your payment is final. We deliver the tools, sessions, and community as promised, but trading results aren't guaranteed. Make sure you're ready to commit before joining.

### **4. Member Conduct**

- No scamming, shilling rugs, or spam—keep calls legit (contract address + proof).
- Be respectful in chats. Toxicity, FUD, or drama can get you muted or banned.
- Don't share *Rage Pro* tools or content outside the group—you'll be removed.

### **5. Termination**

We can suspend or ban you if you break these terms, no refund. You can cancel your membership anytime through Whop, but you won't get a refund for the current billing cycle.

### **6. Limitation of Liability**

*Rage Pro* and Tilla aren't liable for any trading losses, missed gains, or issues from using our tools/community. Trade at your own risk.

### **7. Contact**

Questions? Open a ticket in #support on Discord. Don't DM Tilla directly—scammers are out there, and we'll never DM you first.
