

## No Refund Policy

**Effective Date:** January 1, 2025

At **ReconTradingLab LLC**, we provide access to digital content, trading education, market insights, and community resources through our Discord server. Due to the intangible, immediate-access nature of these digital products and services, **all sales are final**.

By purchasing access to any of our services, including but not limited to Discord memberships, educational resources, signal services, or one-time digital downloads, **you acknowledge and agree that you are not entitled to a refund, return, or credit under any circumstances**, including but not limited to:

- Dissatisfaction with the content or community.
- Lack of trading results or perceived value.
- Failure to cancel a recurring subscription before the renewal date.
- Inability to access the server due to user error, account issues, or platform changes outside of our control.

We reserve the right to make exceptions only in cases of **duplicate charges or demonstrable payment errors**, which must be reported within **7 days** of the transaction. Requests outside of this scope will not be honored.

**It is your responsibility** to review our offerings carefully and manage your subscription or payment settings accordingly. By completing a purchase, you accept and agree to this policy in full.

If you have any questions, please contact us at **recontradinglab@gmail.com**.
