

Terms of Service

Effective Date: 13 July 2025

Welcome to Cyberflow's Academy. By accessing or using our website, services, digital courses, or community, you agree to the following Terms of Service. Please read them carefully.

1. Eligibility

You must be at least 18 years old or have the permission of a legal guardian to access our services.

2. Subscription & Billing

All payments are processed securely through Whop. By subscribing, you agree to be billed on a recurring basis (monthly or yearly, as selected). Access to digital content is granted immediately upon purchase.

No refunds or cancellations are permitted after access has been delivered, including monthly subscriptions, due to the digital nature of the content.

3. Course Content

Cyberflow's Academy offers cybersecurity courses, tools, and resources for educational purposes only. We reserve the right to modify or update content at any time without notice.

Content is intended to build foundational and advanced skills progressively. Early modules may be theory-based and are necessary before hands-on application.

4. No Guarantees of Results

While we strive to provide high-quality, actionable information, **we do not guarantee any specific outcomes**, such as employment, certifications, or financial gain. Your results depend on your effort, background, and external factors beyond our control.

5. Intellectual Property

All content, including videos, text, graphics, logos, and tools, is the property of Cyberflow's Academy. You may not reproduce, share, resell, or redistribute any content without written permission.

6. Community & Conduct

Members must maintain respectful and legal conduct in all community areas (e.g., private Discord, comment sections). Abuse, harassment, or promotion of illegal activities may result in account suspension without refund.

7. Account Termination

We reserve the right to terminate or restrict your access without refund if you violate these terms, misuse the content, or compromise the security of the platform or other members.

8. Limitation of Liability

Cyberflow's Academy is not liable for any direct, indirect, or incidental damages arising from your use of the service. All content is provided "as is" with no warranties.

9. Changes to Terms

We may update these Terms of Service at any time. Continued use of the service after changes are posted constitutes acceptance of those changes.

10. Contact
