

Refund Policy

All Sales Are Final

All purchases of Simple Traders services and digital products are **final and non-refundable**. Once payment is processed, no refunds, credits, or chargebacks will be issued under any circumstances.

Digital Product Nature

Our services include, but are not limited to, educational video lessons, community access, and personal coaching support. Because users receive immediate access to our private content and community upon purchase, there is no way to reverse or revoke the delivered value. Due to the immediate delivery and consumption nature of our services, all sales are final upon purchase completion.

No Refunds Policy

We do not accept refund requests based on dissatisfaction, lack of use, change of preference, misunderstanding of the service, or personal financial considerations. Users are expected to review our offering and conduct full due diligence before joining. We do not issue partial refunds, nor do we offer prorated cancellations.

Lifetime Access Terms

For lifetime access purchases: "Lifetime" refers to the lifetime of the service itself, not the lifetime of the purchaser. This means the subscription remains valid as long as the service is operational and offered by Simple Traders. If the service is discontinued or no longer provided, the lifetime subscription will terminate. Lifetime subscriptions are non-refundable and non-transferable.

User Responsibility

It is the responsibility of each user to manage their subscription and access. Subscription services renew automatically according to your selected billing cycle. Cancellations apply to future billing periods only. You maintain access to services through your current paid period after cancellation. Failure to cancel a subscription before the renewal date will not be grounds for a refund. Users can manage or cancel their subscriptions directly through Whop at any time.
